

Hurricane::Exception

```
classDiagram
    class Hurricane_Exception["Hurricane::Exception"]
    class Hurricane_Error["Hurricane::Error"]
    Hurricane_Error --|> Hurricane_Exception
```

The diagram illustrates an inheritance relationship between two classes. At the top is a white rectangular box with a black border containing the text "Hurricane::Exception". Below it is a gray rectangular box with a black border containing the text "Hurricane::Error". A blue arrow points vertically from the top center of the "Hurricane::Error" box to the bottom center of the "Hurricane::Exception" box, indicating that "Hurricane::Error" inherits from "Hurricane::Exception".

Hurricane::Error
